The Company

INTEG Engineering & Trading Services is a group of Professional Engineers and Technologists, committed to serve the fast growing needs of the industrial & commercial sector of Pakistan by providing UNISOURCE TOTAL QUALITY SOLUTIONS to our customers.

QUALITY SERVICES OFFERED:

- Assessment of Requirements
- Codes and Standard Consultation
- Technology Selection and Equipment Sizing
- Supply Chain Support
- Basic Design Engineering
- Logistics Management
- Installation Supervision
- Managing Commissioning / Startup
- Maintenance Scheduling and Management
- Life Cycle Management

MARKET WE SERVE:

Oil & Gas

Exploration, Processing, Operations, Transportation, Retail

Power

Thermal / Combine Cycle, HFO Based, Diesel Based

Petrochemicals

Fertilizers, Chemicals, Solvents

Construction & Infrastructure

High Rise Buildings, Hotels, Shopping Malls, Ware Houses, Institutional & Residential Complex, Military / Forces Installations

Ports

Airports, Sea Ports & Jettys

Industrial Zones

Textiles, Pharmaceuticals, Food and Automobiles

Vision Statement

The ongoing commitment of INTEG Engineering & Trading Services is to provide all its customers with the highest quality of service.

It is the policy of the company to ensure our customers' total satisfaction, first time, every time.

We are committed to future investment in people through training, development and technology, thus enabling us to maintain continuous improvement and the provision of the best possible service to our customers.

Mission Statement

INTEG Engineering & Trading Services is committed to providing quality professional engineering services, developing long-term relationships, adapting to the changing needs of our clients and the industry, and meeting and exceeding client expectations, and being a contributing member to the communities where we work and live.

 Solenoid Valve | Damper Valve
 Foot Valve
 Strainer (Basket / Y-Type)
 Relief / ESD Valve | Needle Valve | Check Valves

Valves for Special Application

Stop Valve with Safety Bellows for Harmful Fluids
 Stop Valve with Heatins Jacket for Thick Fluid
 Stopper Blow-Off Valve for Bottom Drainage
 Piston Blow-Off Valve for Bottom Drainage
 Three Way Cross-Overvalves
 Plug Vavles (Eloonite Line Types)
 Conic Plug Cock
 Double Line Blind Gate Vavles
 Flush Bottom Tank Valve
 Slide Valve
 Change Over Vavle

Description:

Size of Valves: ¼ " to 80 "
 Service Temp' : - 60°c ~ + 600°c
 Flange Rating: ANSI, AWWA, DIN, JIS (ks), etc.
 Actuators (Electric / Pneumatic / Hydraulic)
 Pressure Rating: Class 150, 300, 600, 900, 1500 etc.

Material of valves

Cast iron / Cast Steel | Stainless Steel | Bronze | Brass | Gunmatel
 Aluminium | Duplex | Super duplex | Special alloy | Monel & inconel

Application of valves

Water / Waste Water
 HVAC
 Pharmaceutical
 Chemical / PetroChemical Industry
 Oil Refineries / Storage Tanks
 Pulp & Paper
 Power Plant
 Desalination
 lng Liquefaction and Rre-Gasification
 Marine Application
